A note from Emma...

Over the past three years I have had the opportunity to learn so much and make many wonderful lasting friendships within the community. Together we have celebrated so many successes, as well as made many new programs that will impact Estill County for years to come. I want to thank each of you for all the support and lessons that you have given me.

You are receiving this letter because I have been granted the opportunity to move back to my hometown to serve as a 4-H Youth Development

Agent. I will be transitioning into this role beginning September 1, 2025. My last day as the Agriculture & Nature Resource Agent in Estill County will be Friday, August 29th.

Please reach out if you need anything, although I am confident leaving you in the hands of our wonderful staff at the Estill County Extension Office. I wish you all the best and I hope that you welcome the next Estill County ANR agent with kindness and patience as they grow within this community and position.
